Letter from the president

The Trib Total Media Outstanding Young Citizen Awards Program is a long-standing tradition and one that I look forward to each year.

This year, we received 489 outstanding nominations representing 104 schools across the region. From all of our nominees, we selected 100 students to receive the Outstanding Young Citizen Award.

Those students are featured within these pages and will be honored at a banquet later this evening.

In addition, 10 students will be selected to receive the Outstanding Young Citizen gold medal, signifying that they are among the very best of the best.

Finally, we will present \$5,000 scholarships to two students in recognition of their commitment to volunteerism and community service.

Our gold medal winners and scholarship recipients will be announced in the Tribune-Review (Valley News Dispatch and Westmoreland Editions) on Thursday, April 18.

These students not only excel in the classroom, they spend countless hours participating in extracurricular activities and serving their communities.

Their dedication and commitment to excellence

is remarkable. They are leaders in not only their schools but their communities, as well.

We are honored to have the opportunity to give them the recognition they deserve.

As we honor these young adults, we must take a moment to recognize and thank the many parents, teachers, coaches, advisors and mentors who have supported and encouraged them along the way. You have helped these students grow into the Outstanding Young Citizens they are.

I must also take this opportunity to extend our sincerest thanks to our generous sponsors Seton Hill University and Penn State University — New Kensington. We truly value your partnership; please know how much your support is appreciated.

Finally, thanks must also be extended to you, the reader. Without you, none of this would be possible.

I ask that if you know any of the students highlighted in this section that you please take a moment to congratulate them for setting such an outstanding example.

I would like to personally congratulate the 2019 Trib Total Media Outstanding Young Citizen nominees and awardees.

I have the utmost confidence that you will go on to do amazing things.

Jennifer Bertetto
President & C.E.O.
Trib Total Media

MEET THE JUDGES

As past president of her local Rotary Club, **Kary Milan** was the youngest individual and only the fourth female to hold this position in the club's near 100-year history. As Kary has advanced at the Rotary International district and zone levels, central to her success in this organization, and life, has been her whole-hearted belief in

the organization's commitment to service and credo, "Service Above Self." Kary, who has 18 years of experience in higher education, the nonprofit sector, and corporate communication within the Greater Pittsburgh region, serves as the director of development and alumni relations at Penn State New Kensington, where she works to advance the land grant mission of one university that is geographically dispersed across the Commonwealth and secure strong financial support for scholarships, capital projects and annual operations as well as for economic revitalization in the City of New Kensington. Kary also enjoys serving the campus as an adjunct instructor in public relations and advertising. As an engaged leader in Westmoreland County, Kary is a volunteer with the Westmoreland Cultural Trust and is actively engaged with each of the organization's fundraising events. Kary continues to serve as a member of the Rotary Club of Greensburg, where she leads numerous service projects, is the past public relations and marketing chair for Rotary District 7330, and volunteers as a facilitator and instructor with the Rotary Leadership Institute. A volunteer with the Westmoreland County Food Bank, Kary, with husband Josh, lends a helping hand every month at the food pantry hosted at Our Lady of Grace parish. Kary earned her Bachelor of Arts degree in communication and information arts from Seton Hill University and her Master of Arts degree in communication studies from California University of Pennsylvania, where her graduate research was centered on nonverbal communication. In their free time, the Milans, who reside in Greensburg, are adventure travelers.

Molly Robb Shimko serves as Vice President for Institutional Advancement at Seton Hill University. In her role, she works to foster a greater understanding and appreciation of Seton Hill, its history, mission, programs and people in order to secure strong financial support for annual operations, capital and endowment growth. Prior to her position at Seton Hill, Molly worked as director of major gifts at Chatham University in Pittsburgh and as development

officer for the Annual Fund at Saint Vincent College in Latrobe. She earned a Bachelor of Arts degree from Saint Vincent and received the college's Alumna of Distinction Award. Molly earned an MBA from Seton Hill University. She is involved

with several community organizations and is a recipient of the Westmoreland County Winners' Circle Community Service Award. Molly presently serves on the Mental Health America Southwestern Pennsylvania Board of Directors. She is a past president of the MHA Board and received the agency's Fred Funari Award of Distinction. She also serves as secretary for the Catholic Charities of the Diocese of Greensburg Board of Trustees. Molly is a member of the Excelsa Health Patient Family Advisory Council. She is a Past President of the Saint Vincent Alumni Council and remains engaged in committee work. She is a member of several professional organizations, including the Council for the Advancement and Support of Education, the Partnership for Philanthropic Planning, the Association of Fund Raising Professionals, the College and University Public Relations Association of Pennsylvania and the Public Relations Society of America. She and her husband, Ken Shimko, P.E., reside in Latrobe and are members of Saint Vincent Basilica Parish.

As associate director and director of development, **Karen Struble Myers** oversees multifaceted fundraising and communications plans designed to promote and support the mission

and programs of the Fred Rogers Center. She is responsible for annual giving, major gifts, grant writing, special events, brand and content strategy, external relations, publications, social media and e-communications. In addition, she provides

operational assistance through budgeting, strategic and programmatic planning, and partnerships. A graduate of Penn State University, she holds a B.A. in advertising-public relations, and minors in speech communication and business. Karen received an M.S. in professional leadership, training, and development from Carlow University. She is a Certified Fundraising Executive (CFRE), serving as a frequent lecturer and community advisor on annual fund strategies and branding, and has nearly 20 years of experience in nonprofit development and marketing roles in the performing arts, religion, health care and public policy.

Congratulations to all of our Outstanding Young Citizen nominees!

Abigail Alexander

School, grade: Fox Chapel Area High School, 11
Parent: Suzanne Alexander
Plans: Summer 2019 Global Leadership Adventures (GLA) volunteering in Guatemala; spring 2019 trip to Costa Rica with Fox Chapel Spanish department; run for vice president of Social Activism Club; completion of Fox Chapel Global Scholars Program for graduation; applying to and attending a four-year university with a focus in international studies, advocacy and the Spanish language.

Megan Andree

School, grade: Kiski Area High School, 12
Parent: Kristin Andree
Plans: I will be attending Franklin & Marshall College to study computer science as part of the 3-2 Engineering Program and continue my athletic career in softball. After three years at F&M, I hope to finish at Case Western Reserve University and obtain a bachelor's degree as a computer engineer.

Nickolas Bartel

School, grade: North Hills Senior High School, 12
Parents: Jeff and Tracy Bartel
Plans: My plans are to pursue a double-major of political science and environmental science and to study abroad. Due to the more than 30 college credits that I will be bringing in, it will help me immensely to accomplish my goal of a double major. After college, I want to go either into law school or graduate school. Following one of those paths, I want to work to create environmental policy on the international level for groups such as the U.N. or the U.S. State Department.

Mary Bence

School, grade: Aquinas Academy, 12
Parents: Ruth and Steven Bence
Plans: I plan to go to college, but I am still waiting to be accepted to five out of eight of the schools to which I applied. I want to continue dancing in college and write for my college's newspaper. I want to explore interdisciplinary opportunities where I combine my love of anatomy, math, writing and French. I hope to find a career where I can include all of my passions, even though they are extremely different.

Charles Blenko

School, grade: Norwin High School, 12
Parents: Andrew and Patricia Blenko
Plans: Following graduation from high school this spring, I will attend Penn State University's main campus to study civil engineering. I would like to complete my undergraduate studies there and earn a masters in the field as well. Ideally, I see myself working for an engineering consulting firm in the Pittsburgh area. I want to give back to the region that raised me by employing my math skills to build bridges and design the infrastructure of tomorrow.

Morgan Boyd

School, grade: Serra Catholic High School, 12
Parent: Chante Boyd
Plans: When I am older, I want to become a researcher. I plan to dedicate my time to learning about the brain. I aim to go to college and earn a bachelor's degree and, ultimately, a Ph.D. in neuroscience. I hope to use my skills to make important discoveries about the brain that will eventually lead to the understanding and reduction of abnormalities within it.

Jordyn Bradley

School, grade: Mt Pleasant Area Junior/Senior High School, 12
Parent: Jennifer Bradley
Plans: For me, music is the foundation for a better harmony of life. Music, the universal language and bridge to connect different societies and people together, inspires me, motivates me and helps me grow as an individual. Music has taught me patience, perseverance and a positive working attitude. My plans are dedicated to pursuing my passion for music and performance and to use these skills to help others foster expression, gain confidence and manage stress and anxiety.

Patrick Brewer

School, grade: Greensburg Central Catholic High School, 11
Parents: Judy and Mike Brewer
Plans: The impact of my father's fight to overcome cancer has driven my desire to major in genetics/medicine, become a physician and conduct research to improve cancer treatments and find a cure. I plan to wrestle and compete as a decathlete at the NCAA Division-I level. My commitment to community will grow stronger with positions of higher leadership in Habitat for Humanity and serving at food banks and shelters, as well as volunteer youth coaching.

Noah Calisti

School, grade: Greensburg Salem High School, 11
Parents: Amy and Lee Calisti
Plans: I plan to attend college and major in a statistics field. Also, I hope to continue running cross country and track at the collegiate level. Overall, I want to have a positive impact on the world around me.

Brenna Callahan

School, grade: Leechburg Area High School, 11
Parents: Mycal and Kevin Callahan
Plans: With the right grades, test scores and community involvement, I hope to get into one of my dream schools. Once in college, I plan to double-major in global studies and journalism, with a minor in law and society. After that, I will go to law school to become a civil rights attorney, so that I can one day help those who cannot speak for themselves. Ultimately, these accomplishments will all contribute to a goal I have had since fourth grade: President of the United States.

Marissa Callender

School, grade: Highlands High School, 12
Parents: Selena and Thomas Callender
Plans: My plans are to attend a four-year college or university to major in biochemistry and minor in both Spanish and communications. After I receive these degrees, I plan to attend medical school to become a pediatric oncologist. I also plan to continue my Holiday 365 for my community. Holiday 365 is a program that I started myself where I collect toys, clothes and other items for families during the holiday seasons. I have done this for two years and will continue to do it even when I leave.

Katrina Carter

School, grade: Valley High School, 12
Parents: Mallory Resek and George Carter
Plans: Fervid to succor those populations forsaken to public solicitude's crevices, I yearn to advocate for mental healthcare in incarcerated individuals and serve as a psychiatrist in homeless outreach, my practice espousing both the psychotherapeutic and medicinal to proffer holistic treatment and mitigate the field's associated pitfalls. I long to conduct research into the brain's interactions with a given medication class, perhaps someday unfurling a facet of their discriminate efficacy.

Andrew Chung

School, grade: Greensburg Salem High School, 12
Parents: Sung and Jihye Chung
Plans: Combining my interests in STEM and the humanities, I hope to engineer modern solutions that reflect the diversities in today's interconnected world. To do so, I plan on attending a university where I can pursue interdisciplinary studies in engineering and global studies.

Hanna Clarke

School, grade: Valley High School, 11
Parent: Kathy Clarke
Plans: I plan to attend college with a dual major in elementary education and special education.

Ronald Coleman III

School, grade: Kiski Area High School, 12
Parents: Ronald and Crista Coleman
Plans: I plan to attend a four-year university, yet to be determined, to pursue a major in international relations. I would like to study abroad and acquire skills in the field of international business in the hopes of achieving a career with a globally based company in the future.

Mallory Collins

School, grade:
Norwin
High School, 12
Parents:
Cynthia and
F. Robert Collins
Plans: I plan to
attend Allegheny
College in the fall,

pursuing a degree in biology and a minor in psychology. In addition to my academics, I plan to join the dance ensemble Orchesis as an effort to incorporate my passion of dance to enhance my college experience. After my time at Allegheny, I plan to attend medical school and eventually achieve my goal of becoming a doctor, specializing in trauma.

Mia Como

School, grade:
Thomas Jefferson
High School, 12
Parents:
Dawn and
Daniel Como
Plans: I have
been accepted
into the pharmacy
programs at both Duquesne Univer-
sity and the University of Pittsburgh.
I plan to attend one of these two
universities and hope to pursue a doc-
torate degree for pharmacy. I would
like to eventually complete a residency
in a hospital and to later specialize in
pediatrics.

Cameron Cox

School, grade:
Derry Area
Senior High
School, 12
Parents:
Mary and
Bradley Cox
Plans: I am plan-
ning on majoring in
business with a focus on information
systems. I do not know where I am
going to pursue my bachelor's degree,
but some schools of interest include
the University of Pittsburgh, Carnegie
Mellon University, University of Chi-
cago, Saint Vincent and Seton Hill.

Grace Crankovic

School, grade:
Pine-Richland
High School, 12
Parents:
Tony and
Christine Crankovic
Plans: I plan to
attend a four-year
college majoring in
business with the intention of apply-
ing to law school after graduation. I
also hope to continue my competitive
rowing career at the collegiate level.

Jessica Darkowski

School, grade:
Seton-La Salle
High School, 12
Parents:
Jennifer and
Tony Darkowski
Plans: I plan on
attending Seton
Hill University for
the next five years. I have been ac-
cepted into the combined bachelor's/
master's physician assistant program.
I hope to travel to medically under-
served areas to provide medical care
to those in need. I plan to continue my
service work throughout the rest of
my life.

Sylvia Dawson

School, grade:
Mt Pleasant Area
Junior/Senior
High School, 12
Parents:
Kandida Dawson
and Albert
Dawson Jr.
Plans: After I re-
turn from my 10-month international
exchange program to Spain, I plan
on attending Saint Vincent College in
Latrobe and studying mathematics
and actuarial sciences.

Christina DeLuca

School, grade:
Penn-Trafford
High School, 11
Parents:
Nancy and
Gregory DeLuca
Plans: After
completing high
school, I plan on
attending college to major in biomed-
ical engineering. While I am there, I
plan on joining a recreational soccer
team to keep me active and to engage
with my peers.

Aaron Deutsch

School, grade:
Penn-Trafford
High School, 12
Parents:
Andrew and
Kathleen Deutsch
Plans: After high
school, I plan to
study mechanical
engineering in college. As a me-
chanical engineer I hope to be able to
design, build and test new machines
and invent technologies so that
they can improve the lives of people
everywhere.

Calista Dosch

School, grade:
Armstrong
Junior/Senior
High School, 12
Parents:
Cathy and
Donald Slagle
Plans: I was ac-
cepted into the
honors college at Slippery Rock Uni-
versity, where I plan to become dual-
certified in elementary education and
special education. I want my students
to know that they can change the
world before told otherwise. As well
as teaching, I plan to continue volun-
teering at local and global levels. I also
plan to stay involved in my church and
its worship band.

Aria Eppinger

School, grade:
Winchester
Thurston, 11
Parents:
Francesmary
Modugno and
Jeffrey Eppinger
Plans: I will
pursue a career
in biomedical data analytics, which I
discovered through science research
and biomedical internships. I also
intend to swim in college. Swimming
has taught me to work hard, set goals
and be a team player, skills that will
serve me well in my analytics career.
Through volunteer work, I have seen
how actions can make a big difference
in someone's life. I will use my skills
to improve medical treatments and
disease prevention.

Claire Fenton

School, grade:
Fox Chapel Area
High School, 11
Parents:
Lisa and
Keith Fenton
Plans: I intend to
attend a four-
year university to
pursue a degree related to math and
science in the hopes of a future career
path in those fields.

Payton Ferris

School, grade:
The Ellis School, 12
Parent:
Sherri Ferris
Plans: I plan to
attend an institu-
tion to obtain my
undergraduate
degree in both film
and English. I also plan on minoring in
women's studies and pursuing a film
career in a way that further advances
equal opportunities for women to
represent their talents and express
their knowledge. I also had the incred-
ible opportunity to study the lack of
women's education opportunities in
Guatemala in 2018, so I wish to return
there and also visit other countries to
promote the importance of learning
for young girls.

Julia Fiedor

School, grade:
Thomas Jefferson
High School, 12
Parents:
Lynn and
Joseph Fiedor
Plans: I was ac-
cepted as an early-
decision applicant
to the University of Pennsylvania,
and I will be attending there this fall,
where I will study in the college of
arts and sciences. I plan to pursue a
STEM internship this summer, and I
intend to obtain a research position
at Penn. I will continue volunteering
in Philadelphia next year through the
university's Civic House. This spring, I
will organize and lead my third annual
Mission From TJ volunteer project for
the homeless.

Abigail Frey

School, grade:
Ligonier Valley
High School, 12
Parents:
James and
Jill Frey
Plans: I plan to at-
tend Pennsylvania
State University to
major in biology. I want to use my de-
gree in biology to further my educa-
tion to achieve a Ph.D. in neuroscience
and perform research on the inter-
workings of the human brain.

Tyler Funk

School, grade:
Norwin
High School, 12
Parents:
Grant and
Amy Funk
Plans: I will
be attending
Waynesburg
University in the fall of 2019, and I will
be majoring in history and secondary
education, with a minor in Spanish
and music. I plan on joining many or-
ganizations on campus, such as Relay
for Life, to stay involved in my com-
munity, and I hope to study abroad to
further develop international connec-
tions.

Kaitlyn Garsteck

School, grade: Geibel Catholic Junior-Senior High School, 12
Parents: Kristine and Robert Garsteck
Plans: I plan to either attend W&J College or Carlow University to major in biology.

Isabella Gayoso

School, grade: Moon Area Senior High School, 12
Parents: Elizabeth and Alfonso Gayoso
Plans: I plan to major in mechanical engineering. Using the skills I gain as an undergraduate student, I would like to work on solving engineering challenges for economically disadvantaged communities.

Kelly Gillis

School, grade: Central Westmoreland Career & Technology Center, 11
Parents: Randy and Wendy Gillis
Plans: To pursue a post-secondary education doubling-majoring in restaurant/hotel management and hospitality marketing. With these degrees, I hope to create a career to market the importance of "knowing your farmer" and eating farm-to-table.

Jesse Greyshock

School, grade: Deer Lakes High School, 12
Parents: Shawn and Laura Greyshock
Plans: I plan to attend Grove City College to major in mechanical engineering and eventually pursue my master's degree. Also, after more than a decade of playing with and against some of the highest youth soccer competition in the nation, I will continue to play soccer in college.

Shweta Gudapati

School, grade: North Allegheny Senior High School, 12
Parents: Rajasekhar and Uma Gudapati
Plans: I plan on pursuing degrees in medicine and public health to address issues of healthcare inequities, sanitation and preventative medicine in developing countries around the world. Utilizing my medical knowledge, I strive to treat a wide array of patients and help them lead healthier lifestyles, with the ultimate goal of enhancing health in local and global communities.

Joseph Guzzo

School, grade: Valley High School, 12
Parents: Joseph and Maria Guzzo
Plans: I plan on attending a four-year college to study computer engineering.

Rachel Halapchuk

School, grade: Springdale Junior/Senior High School, 12
Parents: Julie and Joel Halapchuk
Plans: I plan to continue my volunteerism and my high academic achievements throughout my college career. I would like to major in physics and hopefully transfer to a biomedical engineering major, helping me pave the way for a future career in the field of prosthetics. I believe that this field of work will challenge me, but will also allow me to continue with my service to those in need along the way.

Hannah Hebda

School, grade: Elizabeth Forward High School, 11
Parents: Amy and Joe Hebda
Plans: I plan on attending the United States Naval Academy summer seminar, where I plan to attend after graduation, studying quantitative economics and, following graduation, represent and serve my fellow Americans. Alternatively, I wish to attend a four-year university to major in economics. I would then like to pursue my Juris Doctor Degree with the hopes of serving my community as a public interest attorney.

Joshua Heidenreich

School, grade: Montour High School, 12
Parents: Jeffrey and Leda Heidenreich
Plans: I have been accepted at the University of Pittsburgh honors college as a prospective neuroscience major. I have a passion for helping others and empathizing with people. I have learned empathy skills through my time leading Stand Together and Change Agents, organizations that focus on destigmatizing mental health issues and creating social change at our school. I intend to use my experiences with leadership and empathy to eventually practice medicine in the future.

Cierra Henderson

School, grade: Derry Area Senior High School, 12
Parents: Michelle and Edward Henderson
Plans: I plan to attend a four-year university, majoring in biology with minors in criminalistics or forensic biosciences, then attend George Washington University in D.C. for a master's degree in forensic science. After I earn my master's, I want to work for the federal government as a forensic technician or analyst. I would love to earn a Ph.D. in biology after many years of working for the federal government.

Kerri Herron

School, grade: Baldwin High School, 12
Parents: Robin and Thomas Herron
Plans: I plan on attending West Virginia University in the fall of 2019 to pursue a career in pediatric nursing or medical sales. I enjoy improving the lives of others, especially children, and would like to improve the healthcare industry. I also plan to continue to volunteer throughout my community to help make a positive impact on everyone.

Jessica Hervol

School, grade: Hempfield Area High School, 12
Parents: Joanne and Ted Hervol
Plans: I plan on attending a four-year undergraduate university to study biology, chemistry and public health. After graduation, I will attend a graduate school to attain a Ph.D. in virology.

Jaylen Hoffmann

School, grade: Keystone Oaks High School, 12
Parents: Jodi and Robert Hoffmann
Plans: I will be attending John Carroll University in the fall of 2019. I plan on studying mathematics and pursuing my MBA. I am fortunate enough to have been recruited to be a part of their women's basketball program.

Michael Hook

School, grade: Greater Latrobe Senior High School, 12
Parents: James and Lisa Hook
Plans: I plan to attend an undecided college to pursue a degree, and eventually a career, in chemical engineering.

Brady Hunker

School, grade: Mt Pleasant Area Junior/Senior High School, 12
Parents: Chris and Jen Hunker
Plans: I wish to pursue a career in mechanical engineering. My goal is to attend Grove City College. I also plan to continue to engage in public speaking through church, cancer fundraisers, Children's Hospital of Pittsburgh fundraisers and any available events to share my testimony of my continued battle with cancer, to hopefully inspire others who might be experiencing similar struggles.

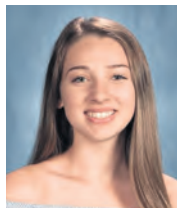

Emily Jumba

School, grade: Norwin High School, 11
Parents: Lori and John Jumba
Plans: My plans for the future are not exactly defined, however I know generally what I would like to do. Before I graduate from high school, I plan on completing my Girl Scout Gold Award and Global Scholars Projects. I hope to attend college for at least four years. Right now, I am leaning more toward the humanities field rather than S.T.E.M. For college, I am hoping for a challenge in an area that genuinely interests me.

Emma Kallet

School, grade: Chartiers Valley High School, 11
Parent: Tracee Kallet
Plans: I plan to attend a university in Pittsburgh. There, I will major in psychology or biology with hopes of attending medical school and becoming a cardiologist. My calling is to help people, and I plan on fulfilling that challenge by studying medicine.

Rachel Karman

School, grade: Hampton High School, 12
Parents: Margaret and Jeffrey Karman
Plans: I plan on attending a four-year university, majoring in human/health sciences with a minor in global health. In addition to pursuing my undergraduate degree, I would love to continue my volunteerism for a nonprofit organization that aligns with my medical passions. I desire to further my education and become a physician, specializing in pediatric oncology. Post medical school, I envision joining a team like "Doctors Without Borders" to deliver healthcare to impoverished areas.

Lauren Karp

School, grade: Serra Catholic High School, 11
Parents: John and Pam Karp
Plans: I have been interested in medicine for several years. Therefore, I plan to attend college and pursue a degree in the field of medicine. I enjoy discovering new things, particularly in the field of science, and am looking forward to investigating colleges/universities that I think will suit me.

Hannah Kern

School, grade: Springdale Junior/Senior High School, 12
Parent: Julie Kern
Plans: I plan to attend a six-year pharmacy school. I have taken AP classes and an online pharmacy technician class and met with pharmacists in various career fields. I am interviewing for a pharmacy technician job. I have received acceptance into the University of Pittsburgh Preferred Admission Pharmacy Program and West Virginia University Direct Admission Pharmacy Pathway and Honors College. I am proud of this, as it sets a foundation for a pharmacy career.

JeKai King

School, grade: McKeesport Area High School, 12
Parent: Janice Korp
Plans: Attend Allegheny College and receive my bachelor's degree in geology and political science. While attending there, I'd like to be a part of their volunteer program (Bonner program), giving back to the community while at the same time progressing myself, then attend a graduate school to receive my master's degree in geology.

Faith Kisker

School, grade: Seton-La Salle High School, 12
Parents: Gwen and Clay Kisker
Plans: I plan to pursue my call to help others and my passion for science through majoring in biochemistry and minoring in Spanish and political science at a four-year university, while continuing to pursue research and service opportunities. I aspire to obtain my doctorate in medicine and pursue residency and a fellowship in trauma medicine. I hope to work for Doctors Without Borders to help those who are hurting and use my political knowledge to help them outside what medicine can do.

Hailey Kopp

School, grade: Gateway High School, 12
Parents: Glenn and Dawn Kopp
Plans: I plan to attend a four-year university to pursue a career in nursing. After I receive my BSN, I plan to work in critical care. After gaining two years of experience in critical care, I hope to return to school to earn a nurse anesthetist degree.

Jacob Kozlowski

School, grade: Deer Lakes High School, 11
Parent: Angela Kozlowski
Plans: Throughout the remainder of my junior year and summer vacation, I plan on job-shadowing and interning in congressional offices on Capitol Hill in Washington, D.C. I will be seeking higher leadership positions in my high school clubs and organizations. Finally, I will attend a four-year university to study political science and government.

Kayla Kraeuter

School, grade: Serra Catholic High School, 11
Parents: Jim and Joanne Kraeuter
Plans: I am interested in STEM, and I plan to attend a university to study neuroscience. I hope to obtain a Ph.D. and pursue a career in neuropsychology. I also plan on studying another language, and I hope to someday be bilingual. I plan on continuing my volunteer efforts and dedicating my time to make a positive impact on the world.

William Kraus

School, grade: North Allegheny Senior High School, 12
Parents: Rebecca Cunningham and Stephen Kraus
Plans: After high school, I plan to attend Penn State University Park for mechanical engineering. I plan to audition for the Penn State Blue Band, join engineering-specific organizations, such as the Penn State Racing Club, and continue to give back to my local community through student government and church organizations.

Amy Krueger

School, grade: Vincentian Academy, 12
Parents: Patricia and Andrew Krueger
Plans: I plan to attend Cornell University for chemical engineering and have committed to continue gymnastics on their Division-I gymnastics team.

Zachary Lakkis

School, grade: Fox Chapel Area High School, 12
Parents: Lisa and Fadi Lakkis
Plans: I have always been passionate about science. When my close friend was diagnosed with cancer, I was immediately drawn to biomedical research. Over the past few years, I have performed research in tumor immunology to try to find innovative ways to safely kill cancer cells. I presented my work at science fairs and a TEDx Youth event. I plan to pursue a career as a physician scientist and hope to improve patients' lives through scientific discovery and compassionate care.

Jack Lopuszynski

School, grade: North Allegheny Senior High School, 12
Parents: Johnette and Alan Lopuszynski
Plans: After an apprenticeship program with the AIU and UPMC Passavant, there is no doubt in my mind that I want to work in a hospital, specifically in neurosurgery. I plan to research huge concepts and make discoveries that will truly advance our understanding of the mind and what causes it to go wrong. Is there a cure for dementia? Parkinson's? Alzheimer's? My plans for the future will take me down that path, and I hope to be able to make a difference in the world.

Diana Lozinger

School, grade: Vincentian Academy, 11
Parents: Tika and Charles Lozinger
Plans: I had a stroke at 8 years old that severely impacted my life physically, emotionally and psychologically. Because of this experience, I have made more than 3,000 bracelets for children in the hospital and therapy through my project, Courage Bracelets. I will receive an IB diploma when I graduate from high school, and I plan to go on to college to study psychology and theology. My goal is to use my own experience in both psychology and ministry.

Grace Lunak**School, grade:**

Vincentian Academy, 11

Parents:

Leeann and Richard Lunak

Plans: I am planning to study architecture in college.

I want to combine my math and art skills. I hope to focus on residential design.

**Mia Lynn****School, grade:**

Ligonier Valley High School, 12

Parents:

Richard and Pamela Lynn

Plans: I have chosen to attend Slippery Rock University to major in exercise science in a pre-physician assistant program. I wish to become involved in soccer, a few clubs and help the community around me. Following completion of my undergraduate degree, I plan on earning a master's degree in graduate school as a physician assistant.

**Julianna Marshall****School, grade:**

Serra Catholic High School, 11

Parents:

Bill and Kathy Marshall

Plans: I plan on attending college with a major in animal science. I also plan to play soccer.

**Baylee Martin****School, grade:**

Belle Vernon Area High School, 12

Parent:

Melanie Martin

Plans: Upon graduation, I will be attending Duquesne University in the fall of 2019.

**Anna Mathias****School, grade:**

Seton-La Salle High School, 11

Parent:

William Mathias

Plans: After high school, I am hoping to attend the University of Pittsburgh's main campus to study pharmacy.

**Coyne McDermott****School, grade:**

Central Catholic High School, 12

Parents:

Bert and Terri McDermott

Plans: I plan to attend a four-year university to major in business and minor in hospitality.

**Elena McGoey****School, grade:**

North Hills Senior High School, 12

Parents:

Victoria and Christopher McGoey

Plans: I am pursuing a career in veterinary medicine with a specialty in exotic animals and wildlife animal rehabilitation. I would also like to combine a veterinary career with animal-assisted therapy for individuals who have disabilities.

**Abigail Messner****School, grade:**

Our Lady of the Sacred Heart, 11

Parents:

Diana and David Messner

Plans: After I graduate from Our Lady of the Sacred Heart High School, I plan on attending a college near the city of Pittsburgh either for nursing or early-childhood education, though I have recently been exploring something in the medical field. I plan on continuing to volunteer as I go into my adult years and possibly learn sign language to help deaf children.

**Julia Micklo****School, grade:**

Thomas Jefferson High School, 12

Parents:

Sheri and Steven Micklo

Plans: I plan on attending a four-year university with a major in psychology. As I am deciding on a college, I am considering those that will best prepare me for my future — somewhere that maintains high academic integrity, offers a variety of resources and keeps me true to myself. After college, I plan on entering the workforce to help make a difference in people's lives. Although my plans are not set in stone, I am excited by the many career options psychology presents.

**Kayla Moninger****School, grade:**

Mt. Pleasant Area Junior/Senior High School, 12

Parent:

Doug Moninger

Plans: I plan on attending either Pennsylvania State University or Washington and Jefferson College in order to earn a degree in biochemistry. I hope to then go on to medical school to become a psychiatrist.

**Amanda Moser****School, grade:**

Hampton High School, 12

Parents:

Gina and Gary Moser

Plans: Upon graduation from high school, I plan to attend a four-year college, where I will major in biochemistry and finance with the ultimate goal of attending medical school to prepare for a career as a surgeon.

**Benjamin Osterhaus****School, grade:**

Seton-La Salle High School, 12

Parent:

Lisa Osterhaus

Plans: For college next year, I am deciding between Penn State University, Clemson University (Calhoun Honors College) or the University of Notre Dame.

**Nadine Oury****School, grade:**

Winchester Thurston, 12

Parents:

Tim Oury and Charleen Chu

Plans: I plan to attend a four-year university. While I am still waiting to hear back from some schools, I have already been accepted to the University of Pittsburgh and Harvard College. I am undecided in my intended major, but am interested in further exploring environmental engineering and policy, as well as urban planning and computer science. I hope to continue with student government, developing design skills through college publications and leading school tours for admissions.

**Isabella Parks****School, grade:**

Freeport Senior High School, 12

Parents:

Marcella and Jeffrey Parks

Plans: I will be attending either The Ohio State University (Columbus) or Pennsylvania State University (University Park) to dual-major in finance and music. I have been accepted to both universities.

**Jessica Persin****School, grade:**

Hempfield Area High School, 12

Parents:

Mark and Kim Persin

Plans: I plan to attend college and major in biology, chemistry or biochemistry while minoring in Spanish. My ultimate goal is to attend medical school. Depending on which college I choose, I will continue my competitive nature and love of sports by playing softball or both softball and soccer while obtaining my undergraduate degree.

Alyssa Poleski

School, grade:
Kiski Area
High School, 11

Parents:
Steven and
Kimberly Poleski
Plans: I plan to
attend a four-year
college or univer-
sity and major in sports marketing
and graphics design. I would also like
to play college soccer.

**Cecil Price III**

School, grade:
Pittsburgh Obama
(The Barack
Obama Academy
of International
Studies), 11
Parent:
Cecelia Price

Plans: My plan
after high school is to go to college.
I do not know the specific college
that I would like to attend, but I am
looking into Ivy League schools and
HBCUs (Historically Black Colleges
and Universities). My goal is to find
the school that will best help guide
me in the direction of my career. I am
interested in politics, medicine and
business. Even though I have not
solidified my future profession, I know
that business will be incorporated.

**Joseph Ragan**

School, grade:
Serra Catholic
High School, 11
Parents:
John and
Nanette Ragan

Plans: After I
graduate high
school, I plan to
attend college and get a bachelor's
degree in some area of engineering,
possibly mechanical, civil or nuclear
engineering. I plan to work multiple
summer jobs to save for college and
other expenses. If I would get the op-
portunity, I would go on mission trips
abroad to help those less fortunate in
other countries.

**Anthony Rock**

School, grade:
Greater Latrobe
Senior High
School, 11
Parents:
Martin and
Joanne Rock

Plans: To secure
an appointment to
the United States Military Academy
at West Point. I plan to walk on to
the football team and study political
science. Upon graduation, I will serve
my country in the Army as a United
States Ranger. I intend to make a
career of the military and upon retire-
ment, start a career in politics.

**Margaret Grace Rodgers**

School, grade:
Seton-La Salle
High School, 12
Parents:
Gary and Mary
Grace Rodgers

Plans: Mission
Week Outreach
volunteer, summer
2019; Special Olympics volunteer,
summer 2019; Jessie Games char-
ity event volunteer, summer 2019;
St. Bernard youth group: continued
four-year participation/commu-
nity volunteer; neighborhood elderly
handyperson/babysitter.

**Julia Sarnowski**

School, grade:
Our Lady of the
Sacred Heart, 12

Parents:
Mike and
Denise Sarnowski
Plans: I plan to
study business
in college and to

utilize my education in the nonprofit
sector. I hope to gain the skills neces-
sary to streamline contributions to
those most in need. As a high school
student, I have had the opportunity to
create and organize several projects
that have benefited underprivileged
and minority students. These ven-
tures have provided me with an edu-
cation beyond the classroom. I hope
to hone these skills and employ them
to make our world a kinder place.

**Victoria Saunders**

School, grade:
Norwin
High School, 12
Parents:
Trish and
Scott Saunders

Plans: I am eager
to propel my-
self into further
academic studies at The Ohio State
University or the University of North
Carolina. I have a love for science, and
I will major in biology and minor in
neuroscience. My goal is to become a
neurologist or dermatologist. I want
to make the most of my time at col-
lege by taking advantage of overseas
fellowships, study abroad programs,
extracurricular activities and leader-
ship opportunities. After graduation, I
will attend medical school.

**Cora Schaab**

School, grade:
Chartiers Valley
High School, 11
Parents:
Steve and
Cynthia Schaab

Plans: I plan to
continue to volun-
teer at my church
in the summer and do other miscel-
laneous work in my community.

**Ryan Setzenfand**

School, grade:
Fox Chapel Area
High School, 12

Parents:
Lynne and
Michael Setzenfand

Plans: I plan
on majoring in
accounting and
continuing to work with community
organizations that make a positive
difference in the world. After college, I
hope to pursue a graduate degree and
will work toward helping the com-
munity by working with nonprofit or
government organizations.

**Nathan Shernisky**

School, grade:
Vincentian
Academy, 12
Parents:
David and
Donna Shernisky

Plans: I plan to
continue my edu-
cation at college
and major in mechanical engineering.

**Lauren Sigut**

School, grade:
Greater Latrobe
Senior High
School, 12

Parents:
Holly and
Donny Sigut
Plans: I plan to
attend college

to complete a degree in mechanical
engineering. I will use that degree and
newly gained knowledge in any way
that I can to positively affect those
around me and hopefully the whole
world. I plan on joining the Navy and
serving my country in the aviation
field with engineering or working for
a company such as Boeing, Lockheed
Martin or even NASA in the space
industry. No matter what, I want to
make a difference in the world.

**Haley Smolleck**

School, grade:
Derry Area Senior
High School, 12

Parents:
Denise and
Eric Smolleck

Plans: My plans
are to attend a
four-year college,
major in biology and pursue a career
in the medical field.

**Maddie Sneddon**

School, grade:
Thomas Jefferson
High School, 11

Parents:
Douglas and
Courtney Sneddon

Plans: After high
school, I plan on
attending a four-
year university. Although I am unsure
what major I will pursue, my current
academic interests lie in English,
marketing and design.

**Robert Spekis**

School, grade:
Belle Vernon Area
High School, 12

Parents:
Lisa and
Bob Spekis

Plans: I plan to get
an undergraduate
degree in marine
biology, a minor in music and then
continue on to vet school and eventu-
ally open my own practice.

**Olivia Steeley**

School, grade:
Hempfield Area
High School, 12

Parents:
James and
Danielle Steeley

Plans: My goals
are to pursue an
undergraduate
education from a four-year university,
majoring in chemical engineering and
possibly minoring in Spanish, on a
pre-medical track. After obtaining my
medical degree, I would like to travel
to third-world countries to use my en-
gineering, medical and world language
experience to better develop and aid
the medically underserved.

Marcus Stevens

School, grade: Central Catholic High School, 12
Parents: Timothy Stevens and Jennifer Andrade
Plans: In the near future, I intend to pursue a degree in business or computer science with a pre-med concentration. I will attend Georgetown, Harvard, Duke or the University of Pittsburgh this coming fall. I consider myself to be very interdisciplinary, which is reflected in my ultimate goals to become a physician, entrepreneur, politician or all of the above.

Andrew Sveda

School, grade: Shady Side Academy, 12
Parents: Allyson and John Sveda
Plans: Over the past few months, I have applied to Georgetown University, Grove City College, Princeton University, the University of Notre Dame, the University of Virginia and Vanderbilt University. I have not decided which college or university I shall attend next school year.

Megan Swift

School, grade: Franklin Regional High School, 12
Parents: Eric and Melissa Swift
Plans: Upon graduation from high school, I plan to further my education at Penn State University main campus to pursue a dual degree in music education and communications. I would like to share my passion for music and inspire and teach students to gain an understanding and appreciation of music. While doing so, I plan to continue to serve my church and community and will volunteer with various organizations.

Amanda Trayers

School, grade: Yough Senior High School, 12
Parents: Jodi and Timothy Trayers
Plans: I plan to attend the University of Pittsburgh's main campus. There I will major in athletic training. My ultimate goal is to be the head athletic trainer for the Pittsburgh Steelers one day.

Mae Twyman

School, grade: Our Lady of the Sacred Heart, 12
Parents: Emanuela and Hugh Twyman
Plans: After graduating high school, I plan on attending a school of nursing and becoming a registered nurse. I plan to work in the ICU and continue my studies to become a nurse anesthetist. As a nurse, I want to continue my service and dedication to helping those who are in need. I hope to encourage the patients' spirits in healing through my positive actions and faith.

Glenna Van Dyke

School, grade: Fox Chapel Area High School, 12
Parents: Sharon and Larry Van Dyke
Plans: I have had a lifelong passion for history and helping others, so I aspire to either become a secondary history educator with a master's degree or a lawyer with an undergraduate degree in history. As a lawyer, I would want to protect the rights of under-represented people, and as a history educator, I would want to inspire young people to become independent thinkers and informed citizens.

Anna Vitale

School, grade: Greensburg Central Catholic High School, 12
Parents: Mario and Charlene Vitale
Plans: I plan to attend college and major in finance and international business. While continuing my volunteer work in the church, I will be starting an internship at Excelsior Westmoreland Hospital.

Ann Walsh

School, grade: Bishop Canevin Catholic High School, 12
Parents: Joyce and James Walsh
Plans: I will pursue my interest in psychology and my passion for political science. I know I can help people by studying about the law so that someday I can make legislation to correct injustices societies face. I will attend John Carroll University, where I am one of 30 students accepted into the Arrupe Scholars Program, which shapes social justice leaders through coursework and experiential learning. I will continue with volunteer work and activities, especially theater.

Sarah Watson

School, grade: Hampton High School, 11
Parents: Mary-Theresa and Anthony Watson
Plans: I plan to continue my studies in both the music and the science worlds. I wish to obtain my Ph.D. in molecular biology and work in labs, combatting cancer as I search for a cure. I also hope to get my master's in music performance and pursue my passion for music and the four instruments I play. In my free time, I will continue community service through mentoring aspiring musicians, raising money for childhood cancer, volunteering at fundraisers and much more.

Joyce Yin

School, grade: Greater Latrobe Senior High School, 12
Parent: Li Ning
Plans: My plans are to pursue a career in chemical engineering at a currently undecided four-year university. With a degree in chemical engineering, I hope to specialize in either nanotechnology or sustainable energy. This specialization will equip me with the knowledge to conduct research regarding my passion for sustainable energy. In the future, I wish to work at a technology company where I will contribute to research and design in products such as solar cells or electric vehicles.

Additional information about the Outstanding Young Citizen program is also available on the website

Seton Hill
UNIVERSITY

**TRANSFORMING THE FUTURE OF HEALTH CARE
SETON HILL'S WUKICH SCHOOL OF NURSING**

Seton Hill University's new Bachelor of Science degree in Nursing offers students both the technical knowledge and the communication and leadership skills they will need to succeed as a nurse in a variety of health care settings. And Seton Hill's partnerships with a dozen hospitals, health systems and nursing homes means our students will gain the practical experience they will need as early as their sophomore year.

The Daniel J. Wukich School of Nursing at Seton Hill University is made possible by a leadership commitment by Quest Healthcare CEO Daniel J. Wukich.

For more information, visit www.setonhill.edu/BSN.
