Ladies and Gentlemen:

If you look at Noah's transcript the story writes itself. Noah has fantastic test scores, the highest academic classes, and numerous college credits. As a student at Greensburg Salem Senior High School, Noah shows his desire for being challenged by demonstrating his creativity and expertise in his projects, class assignments, and outside the classroom studies. Noah has the unique ability to set goals, organize his time as well as being mature and self-disciplined. His work is a finished product with much emphasis on detail. He is talented in computer programming and math problem solving strategies where he strives to learn as much as he can in this field.

Noah has a great ability to calmly identify solutions to complex problems within the classroom curriculum and real world situations through problem solving techniques. He would stand out in any high school as he does at Greensburg Salem. In the technology classroom, some of the courses he has taken in the Senior High include: AP Java Animation and Game Programming III (AP Computer Science A, C++ Animation and Game Programming II (AP Computer Science Principles) and Visual Basic Animation and Game Programming I(College in the High School). He is a leader in and out of the classroom as he is a runner on the Pennsylvania State Championship Cross Country Team and competes in the AXIS Enrichment Program, all while carrying a 4.0 GPA. While excelling in the classroom, he challenges himself to achieve at the expert level by taking AP exams in numerous classes, independently taking college classes as well as College in the High School classes. His outstanding academic achievement and creativity are noteworthy and worthy of others to emulate. His work ethic is driven by his self-motivation to succeed, yet he smiles and encourages others to achieve, which deeply shows his character and mutual respect to his peers and teachers alike.

I highly recommend Noah Calisti. Please contact me at 724.832.2962 to discuss Noah's many fine attributes and qualifications. Noah Calisti will be a more than a success in your program. His skill set is very versatile. His interests, passions, and intellectual abilities are remarkable. He will be a huge asset to your program. He comes with my strongest recommendation.

Sincerely yours,

JoAnne Finoli
