To Whom It May Concern,

I am writing a letter of recommendation on behalf of Miss Megan Andree who I have known as a player on my varsity softball team for the past 4 years. I also have known Megan as a student of the Kiski Area School District since she was in 7th grade.

Megan is a very passionate and enthusiastic young lady who is always striving to do her very best. She brings a positive and “lead by example” attitude to each game and practice. Her commitment to succeed is something that truly inspires the rest of the team. She also has an extremely disciplined work ethic that is second to none. Though individual accolades are not important to Megan; she has been the recipient of our region’s “Player of the Week” awards; earned 1st team pitcher in our conference multiple years and has earned 1st team pitcher across multiple publications for 5A WPIAL Softball.

But perhaps what makes Megan so special is that her demeanor on the field is no different than her demeanor in the classroom or any other activity she is apart of. She strives for excellence in *all* that she does. Megan also has been recognized for academic achievements throughout her years at Kiski Area. Whether it be National Honor Society, High Honor Roll or AP Course academic excellence, Megan is as successful in the classroom as she is on the softball field.

Megan has also served in various leadership capacities throughout her educational career thus far and is always working to serve others. Whether it be in the classroom or on the playing field, Megan is a natural leader that is always willing to help others. Megan has the enthusiasm, intelligence, dedication and natural leadership abilities to be successful in any endeavour she is apart of. I believe that Megan will thrive during her collegiate years as both a student and an athlete. Any program will only be better because Megan will be apart of it.

It is a true honor to write this recommendation on Megan’s behalf; and I recommend her for any collegiate program without any reservation. And, if you should need to speak to me any further about Megan, please do not hesitate to contact me. Sincerely,
